

## *Looking for meaningful work experience before graduation?*

### Intern with the City of Newton!

**Public service is a great way to get the experience you need.** All interns have the opportunity to attend Mayoral events, have one on one conversations with key City officials, and learn the real inner workings of government. On top of providing new skills and knowledge, an internship with the City of Newton will allow you to make a positive impact on the community around you.

*"Our success as a community will be judged on the kind of community we leave to the next generation. I'm asking high school and college students to get engaged in our community and to do so starting today."*

*-Mayor Setti D. Warren*
